Executive Summary	7
1 Objectives	9
1.1 Origins	9
1.2 Natural Hazards Defined	10
1.3 Purpose and audience	10
1.4 Project Framework	10
2 Process	13
3 Context for Project	15
3.1 General context	15
3.2 Stakeholders and their interests	16
3.3 Institutional relationships	16
3.4 Legal framework	18
3.5 Key central government responsibilities	18
3.6 Local government responsibilities	19
3.7 Policy and plan framework	19
3.8 Knowledge framework	20
3.9 Liability	21
4 Outcomes	23
4.1 Perspective from the study analysis	23
4.2 Regulatory agency issues	23
4.3 Planning process issues	24
4.4 Knowledge issues	24
4.5 Hazard research and knowledge availability	25
4.6 Private sector hazard knowledge	25
4.7 Hazard knowledge uptake	26
4.8 Addressing the issues	26
4.9 Summary of important messages	27
5 Future Effort	29
5.1 Overview	29
5.2 Directions for future effort	29
5.3 Developing a guide for practitioners	30
Acknowledgements	33
Appendix 1: Stakeholders	35
Appendix 2: Legal framework	39
Appendix 3: Considerations of means by which natural hazards may be addressed in plans and policy statements	49
